Course Description

Locust Hills has been family owned and operated since 1966. The facility has undergone many changes throughout the years. There are 2 unique 18-hole golf courses that are each par 72.

The Locust Course is slightly more mature and measures 4,631 yards in length from the forward tees and 6,576 yards from the back tees.

The Maple Course is more wide open with spacious greens that measure 4,664 yards in length from the forward tees and 6,752 yards from the back tees. There are 4 sets of tee boxes on each hole which allow Locust Hills to accommodate all skill levels.

The golfer will find a mixture of challenges ranging from a short dog leg to a long wide open par 5. Offering a variety of well-manicured holes and friendly staff, Locust Hills is a tremendous golfing experience at an affordable price.
